## **Dr. Maloney Selected as a Castle Connolly Top Doctor**

(Tucson, AZ, July 22, 2016) Maloney Plastic Surgery & Skincare is proud to announce that Dr. Christopher Maloney Jr. was again selected as a Castle Connolly Top Doctor in the specialty of Plastic Surgery. This award makes Dr. Maloney part of the Castle Connolly Top Doctor database, an elite collection of peer selected doctors and surgeons across the nation. This is one of the highest distinctions that a Doctor of any specialty can receive in the medical community.

Built on a foundation of long established peer selection methods, Castle Connolly is America's source for identifying top doctors. Using an extensive process of surveying thousands of doctors, the top doctors are nominated by their peers each year. The Castle Connolly physician-led research team screens these top doctors' medical educations, training, hospital appointments, disciplinary histories, and much more.

Several national media sources including The New York Times, USA Today, Good Morning America, The Today Show, 20/20, and over 100 other television and radio stations have recognized Castle Connolly for their elite recommendations. Only those doctors who are among the very best in their specialties are selected for inclusion. Doctors do not and cannot pay to be included in any Castle Connolly Guide or online directory.

"To be included in this list of the very best doctors in America is very humbling," said Dr. Maloney. "I will continue to provide the patient centered care that led to my inclusion in the Castle Connolly database for as long as I practice medicine."

This continues Dr. Christopher Maloney's trend of accolades and recognition from the medical community. Dr. Maloney's peers have voted him into the Best Doctors in America® every consecutive year since 2005 and he ranks in among the top 5% of U.S. physicians. Dr. Maloney was asked by the American Board of Plastic Surgeons in Arizona to sit on the board as a Board Examiner this fall, which are some of the reasons that he is one of the most sought-after plastic surgeons in the country that specializes in facial rejuvenation and breast surgery.
