TUCSON, AZ (March 16, 2011) – Dr. Christopher Maloney, Jr., MD was selected by the International Association of Healthcare Professionals and The International Association of Plastic Surgeons as a Top Plastic Surgeon in Tucson, Arizona. The IAHCP highlights the world's top plastic surgeons who have demonstrated success and leadership in their profession

“To be selected by the IAHCP is truly a great honor,” said Dr. Maloney, continuing, “The Leading Physicians of the World has become a priceless reference for consumers and medical professional around the world. It is a great achievement to be selected for this publication.”

The International Association of Plastic Surgeons was founded on the idea that personal achievement is deserving of recognition and reward. Through precise selection and a commitment to superior standards, the organization is unmatched by any other and continues to be the meeting place for the top minds in plastic surgery. The International Association of Plastic Surgeons is a subsidiary of the International Association of HealthCare Professionals which is made up of over 100 different medical societies. Together the best of each specialty are published in the renowned reference, The Leading Physicians of the World.

Published yearly, and distributed exclusively to members, physicians and healthcare institutions, The Leading Physicians of the World selects the top 1%-2% of each specialty to be featured in their yearly publication. Representing over 100 different medical specialties in all major markets across the globe The Leading Physicians of the World, allows consumers to browse the biographies of the most distinguished and desired doctors from every field.

Dr. Maloney has also recently been elected Treasurer for the Arizona Society of Plastic and Reconstructive Surgeons, Inc., which is the state chapter of the American Society of Plastic Surgeons, the largest plastic surgery specialty organization in the world. Founded in 1931, the society is composed of board-certified plastic surgeons who perform cosmetic and reconstructive surgery. The mission of ASPS is to advance quality care to plastic surgery patients by encouraging high standards of training, ethics, physician practice and research in plastic surgery.
